RE: 3-Year Extension to the Term of the Forest Stewardship Plan for the South Peace District (Updated)

Dear Signatories:

Your requested extension to the term of the Forest Stewardship Plan for the South Peace District (FSP) for a three-year period is hereby approved.

The revised expiry date of the FSP is now October 3, 2027.

Due to issuance by the Province of new forest tenure and changes to the landbase within the Forest Development Units identified within the FSP since the extension request submission, within one month of receiving updated information regarding licensee obligations in the Klin-se Za Park, please submit:

- A revised map; and
- Confirmation that the signatories are current to October 3, 2024, or revision to the FSP such that the signatories represent current authorized representatives.

Submission of the above may be made to the District Manager, Peace Natural Resource District.

This extension has been granted premised on your request for time to align the FSP with government processes and the Province's commitments outlined within the Blueberry River First Nation Implementation Agreement and associated Treaty 8 Letters of Agreement, including processes to address cumulative effects.

Sincerely,

Kara Green, RPF
Acting District Manager, Peace Natural Resource District
